## ABOUT THE COLLEGE

Sengunthar Arts and Science College, Tamilnadu popularly known as SASC, was established in 1991 by Sengunthar Education Trust. It is a pioneer, self financing co-educational Institution, situated in serene green surroundings at Tiruchengode. It is the First self-financing co-educational Institution started in Namakkal District. It was formerly affiliated to the University of Madras and now to Periyar University. Salem. With its fine infrastructure and ability to maintain high academic standards, the Institution has the unique honour of being acclaimed as one of the outstanding educational Institution under Periyar University. The college functions over an area, encircling 22.5 acres of land on the outskirts of Tiruchengode. The built-in-area in which the college functions covers 2,74,556 sq.ft. Sengunthar Arts and Science College offers undergraduate programs in Bachelor of Commerce. Bachelor in Business Administration (BBA), B.Sc (Electronics & Communication, Computer Science, Microbiology, Bio-Technology, Chemistry, Physics, Bio-Chemistry), Bachelor of computer Applications (BCA), along with post graduation courses such as Master of Computer Application (MCA), M.Sc (Applied Microbiology, Computer science, Bio-Chemistry, Bio-Technology, Software Science, Organic Chemistry), M.Com (CS,CA). The Institute also offers research facility and offers research programmes as M.Phil (Microbiology, Bio-Technology) and Ph.D, in Microbiology. The Institute provides a rich infrastructure with latest facilities to students and faculty members. The campus accommodates facilities such as canteen, transport, separate hostels for the boys and girls, a well-stocked library. IT lab, life science lab, the college on/off campus interview, In plant training, industrial visits for both students and faculty. Project work. Career guidance programmes.

## ABOUT THE NSS

The National Service Scheme (NSS) is a central sector scheme of Govt of India. Ministry of Youth Affairs and sports. It provides opportunity to the student youth of 11<sup>th</sup> and 12<sup>th</sup> class of schools at +2 board level and student youth of technical institution, Graduate and post graduate at colleges and university level of India to take part in various

Government led community service activities and programmes. The sole aim of the NSS is to provide hands on experience to young students in delivering community service. Since inception of the NSS in the year 1969, the number of student's strength increased from 40000 to over 3.8 million up to the end of March 2018 students in various universities, colleges and institutions of higher learning have volunteered to take part in various community service programmes.

## ABOUT THE FUNCTIONS

Human blood is an essential element of human life with no substitute. Voluntary blood donors are the Cornerstone of a safe and adequate supply of blood and blood products. The safest blood donors are voluntary, non-remunerated blood donors from low-risk populations. Blood donors in India, as across the globe, are of three types: Voluntary donors, replacement donors and professional donors. Most donations are as a result of replacement donations. Which are non-remunerated donations, provided by the relatives of patients. Professional donors are those who donate blood in exchange for money, replacement and professional donors may be compelled to donate blood, through their health conditions are unsuitable to donate blood. They do not help maintaining a stock of blood for emergency situations. Moreover, they do not provide rare blood groups. These points are indicating the need and importance of voluntary blood donations. The success of blood donation camp depends on people who organize the camp and blood bank team. Aim: The Aim of this report is to discuss about the importance of voluntary blood donation and to guide the camp organizer, Medical officer and also other team members involving in voluntary blood donation camp to organize the camp efficiently.

## ABOUT THE COLLEGE

Sengunthar Arts and Science College, Tamilnadu popularly known as SASC, was established in 1991 by Sengunthar Education Trust. It is a pioneer, self financing co-educational Institution, situated in serene green surroundings at Tiruchengode. It is the First self-financing co-educational Institution started in Namakkal District. It was formerly affiliated to the University of Madras and now to Periyar University. Salem. With its fine infrastructure and ability to maintain high academic standards, the Institution has the unique honour of being acclaimed as one of the outstanding educational Institution under Periyar University. The college functions over an area, encircling 22.5 acres of land on the outskirts of Tiruchengode. The built-in-area in which the college functions covers 2,74,556 sq.ft. Sengunthar Arts and Science College offers undergraduate programs in Bachelor of Commerce. Bachelor in Business Administration (BBA), B.Sc (Electronics & Communication, Computer Science, Microbiology, Bio-Technology, Chemistry, Physics, Bio-Chemistry), Bachelor of computer Applications (BCA), along with post graduation courses such as Master of Computer Application (MCA), M.Sc (Applied Microbiology, Computer science, Bio-Chemistry, Bio-Technology, Software Science, Organic Chemistry), M.Com (CS,CA). The Institute also offers research facility and offers research programmes as M.Phil (Microbiology, Bio-Technology) and Ph.D, in Microbiology. The Institute provides a rich infrastructure with latest facilities to students and faculty members. The campus accommodates facilities such as canteen, transport, separate hostels for the boys and girls, a well-stocked library. IT lab, life science lab . the college on/off campus interview , In plant training, industrial visits for both students and faculty. Project work. Career guidance programmes.

## ABOUT THE NSS

The National Service Scheme (NSS) is a central sector scheme of Govt of India. Ministry of Youth Affairs and sports. It provides opportunity to the student youth of 11<sup>th</sup> and 12<sup>th</sup> class of schools at +2 board level and student youth of technical institution, Graduate and post graduate at colleges and university level of India to take part in various

Government led community service activities and programmes. The sole aim of the NSS is to provide hands on experience to young students in delivering community service. Since inception of the NSS in the year 1969, the number of student's strength increased from 40000 to over 3.8 million up to the end of March 2018 students in various universities, colleges and institutions of higher learning have volunteered to take part in various community service programmes.

## ABOUT THE FUNCTIONS

Human blood is an essential element of human life with no substitute. Voluntary blood donors are the Cornerstone of a safe and adequate supply of blood and blood products. The safest blood donors are voluntary, non-remunerated blood donors from low-risk populations. Blood donors in India, as across the globe, are of three types: Voluntary donors, replacement donors and professional donors. Most donations are as a result of replacement donations. Which are non-remunerated donations, provided by the relatives of patients. Professional donors are those who donate blood in exchange for money, replacement and professional donors may be compelled to donate blood, through their health conditions are unsuitable to donate blood. They do not help maintaining a stock of blood for emergency situations. Moreover, they do not provide rare blood groups. These points are indicating the need and importance of voluntary blood donations. The success of blood donation camp depends on people who organize the camp and blood bank team. Aim: The Aim of this report is to discuss about the importance of voluntary blood donation and to guide the camp organizer, Medical officer and also other team members involving in voluntary blood donation camp to organize the camp efficiently.

It provides opportunity to the student youth of 11<sup>th</sup> and 12<sup>th</sup> class of schools at +2 board level and student youth of technical institution, Graduate and post graduate at colleges and university level of India to take part in various

Government led community service activities and programmes. The sole aim of the NSS is to provide hands on experience to young students in delivering community service. Since inception of the NSS in the year 1969, the number of student's strength increased from 40000 to over 3.8 million up to the end of March 2018 students in various universities, colleges and institutions of higher learning have volunteered to take part in various community service programmes.

## ABOUT THE FUNCTIONS

Human blood is an essential element of human life with no substitute. Voluntary blood donors are the Cornerstone of a safe and adequate supply of blood and blood products. The safest blood donors are voluntary, non-remunerated blood donors from low-risk populations. Blood donors in India, as across the globe, are of three types: Voluntary donors, replacement donors and professional donors. Most donations are as a result of replacement donations. Which are non-remunerated donations, provided by the relatives of patients. Professional donors are those who donate blood in exchange for money, replacement and professional donors may be compelled to donate blood, through their health conditions are unsuitable to donate blood. They do not help maintaining a stock of blood for emergency situations. Moreover, they do not provide rare blood groups. These points are indicating the need and importance of voluntary blood donations. The success of blood donation camp depends on people who organize the camp and blood bank team. Aim: The Aim of this report is to discuss about the importance of voluntary blood donation and to guide the camp organizer, Medical officer and also other team members involving in voluntary blood donation camp to organize the camp efficiently.

## Program Report

Our college NSS conducted a National leprosy awareness program for students on 02-06-2022. Chief guest Doctor Lakshmi Naraayanan from Namakkal Health Educator DDL office.. National leprosy day was chosen as a tribute to the life of the Mahatma Gandhi who had compassion for people afflicted with leprosy. Leprosy diseases also known as communicable disease It is one of the oldest recorded diseases in the world. It is an infectious chronic disease that targets the nervous system, especially the nerves in the cooler parts of the body - the hands, feet, and face. The students taken oath and reveal their patriotism. Total 74 students were participated in this program.

### SUMMARY REPORT

It was 26th August 2022; In our Computer Science Students organized a program to plant saplings at Government Middle School, Kootapalli. The objective of this event was to teach students, how we can save our climate from pollution. This was a great initiative to make our atmosphere neat and clean. By tree plantation, we can develop a climax ecosystem free of greenhouse gases to reduce global warming. The main purpose of this event was to enhance awareness about the importance of tree plantations. As soon we completed our goal of tree plantation, there was a debate competition among students on the topic, "How we can keep our climate clean?" No doubt, the only answer to this question was tree plantation to conserve the ecosystem.

### SUMMARY REPORT

Clean Campus promotes Hygiene. It improves hygiene level in campus and also helps to reduce the spread of sickness, maintaining a clean environment sets a good example to students. Cleanliness encourages learners to take pride in their campus, which makes them less likely to drop litter and as such they will potentially make a bigger effort to maintain their environment. Cleanliness gives rise to a good character by keeping body, mind, and soul clean and peaceful. Maintaining cleanliness is the essential part of healthy living because it is the cleanliness only which helps to improve our personality by keeping clean externally and internally. In our Computer Science Department Students has organized a Clean Campus campaign on 29th August 2022 at Government Middle School to educate and to promote civic sense among students community. In our students went to all the classes and briefed about the importance of cleanliness of the campus. Students were advised not to throw paper plates, water bottle, paper cups, tissues, and many unwanted things on campus Lawns, Library, sitting Area, class rooms, pathway and other open areas which is very unhygienic to all of us. They were also informed to make the campus & class rooms a beautiful place for one and it makes individuals healthier when the environment around them is healthy.
