ALUMNI MEET ANNUAL REPORT (2023-2024)

Sengunthar Arts and Science College organizes department wise alumni association every year for students. An alumni association is of graduates or, more broadly, of former students (alumnus). Our college motivates students by gathering pupils and makes them to interact with their friends and helps to gain knowledge from their skills and experience. The main aim of this association is to promote and faster interaction amongst the alumni, faculty and present students in order to raise the college at different level and so to help fellow alumni through various initiatives. Additionally, such groups often support new alumni, and provide a forum to form new friendships and relationships with people of similar background. Choose a job you like, and you will never have to work a day in your life. Alumni generously support college activities and priorities financially and with their time, expertise and enthusiasm. Our alumni giving guest lecture with non financial contribution to the development of the department.
